Sir:

SUPPLEMENTAL COMMENTS

In supplement to the Amendment After Final Rejection filed May 3, 2004, Applicants herein submit these supplemental comments in response to a telephone interview conducted with the Examiner responsible for the subject patent application on June 1, 2004. During the interview, Applicants' representative contended that no new issues were raised in the After Final Amendment since claim 25 was amended to identically match claim language previously indicated by the Examiner as being allowable. Applicants' representative explained in detail the progression of claim amendments leading to the amendments to claim 25 set forth in the After Final Amendment. Examiner Nghiem agreed that the Advisory Action mailed May 20, 2004

NAKAZAWA et al.

was inappropriate and that the After Final Amendment should have been entered and considered.

These supplemental comments are being provided pursuant to the Examiner's specific request. Applicants respectfully request entry and consideration of the May 3, 2004 After Final Amendment.

Respectfully submitted,

NIXON & VANDERHYE P.C.
